

5 Secure Font & Tap, attach drain (underneath)

- Secure Font with mounting nut and washer.
- Secure Tap with spider clamp, fixing nut and washer.
- Secure flexible drain pipe with a worm drive clamp. Ensure braided clear reinforced tubing is used.
- If required, use the elbow fitting (supplied) under the Font to prevent hose kinks.
- Maximum tube length should not exceed 1 metre.

6 Prepare the drainage point

Position upstream of a drain trap. Drain pipe must have constant fall. Ensure there are no kinks or sags.

- Locate pipe branch attachment temporarily in position on vertical pipe, upstream from a drain trap.
- Mark spigot hole position, remove attachment & drill out 13mm diameter.
- Apply sealant to spigot groove.
- Ensuring spigot is pointing upwards, snap attachment into place over hole.
- Ensure excess silicone is cleared at drain entry before final hose connection.
- Secure with worm drive clamps.
 - Attach drain pipe to spigot.
 - Secure with worm drive clamp.

7 Test for leaks

Test for leaks here, re-seal if required.

8 Cleaning and general maintenance

Wipe surfaces with a damp cloth and then wipe dry with a clean, dry cloth. Do not use disinfectant sprays without wiping dry afterwards.

Note: If you are experiencing drain-away issues after correct installation, you can consider installing an AAV (Air Admittance Valve) in accordance with your local plumbing code.

Installation instructions

Zip HydroTap Font

For Classic, Classic Plus, Elite Plus, Miniboil, Touch-Free Wave Taps

Australia

UK

Visit our website to download the manuals

Using these instructions

Please refer to all safety and installation requirements detailed in the installation instructions for the HydroTap Command Centre (supplied with the product and online), prior to installation of, or any change to, the complete system.

WARNING

Read the instructions

Before commencing the installation, download & read the HydroTap installation instructions

Tools needed for Font installation (not supplied)
In addition to normal tools, the following (or equivalent equipment) will be required.

- 35mm diameter hole saw for Tap mounting hole.
- 108mm diameter hole saw for Font mounting hole.
- 13mm diameter drill for drainage point.
- 10mm drill for Font mounting stud clearance hole.
- Tube spanner for fixing the Font assembly (supplied with the Tap).

Be aware of the risks of hazards which could cause harm when using tools. Assess the risks before starting the installation.

Parts supplied in the kit

Qty	Description
1	Font body, detachable Font grille & extension piece
1	Mounting nut and washer
1	100mm stud extension & link nut
1	Pipe branch attachment
2	Worm drive clamps for pipe branch attachment
2	Worm drive clamps for flexible drain hose
3	Clear silicone tubes and stainless steel tube adaptors (135mm tap extension kits)
1	Transparent film template (part no. 89760)
1	Drain hose PVC 19mm ID

1 Positioning

Ensure that Font is positioned to minimise the risks of scalding by dispensing boiling water while using the Tap.

- Position Tap and Font using the template provided. See 2.
- Position Command Centre and Tap as close together as possible.

2 Mark out the Font and Tap positions

Refer to the installation instructions supplied with the HydroTap.

- Place the transparent film template (supplied) in position on the work surface.
- Mark out the hole positions and centres.

3 Cut the holes

4 Mount the font

- Remove the spider clamp, fixing nut, fixing washer and black plastic spacer from the Tap assembly.

Refer to the installation instructions supplied with the HydroTap for identification

- If required, extend the water tubes from the Tap using silicone and metal tubes, as shown.
- Connect the extension stud to the Tap with the link nut, as shown.
- Apply light film of silicone sealant around the Font Tap hole.
- Clip the black plastic spacer and base ring together on either side of the Font Tap hole.
- Feed the Tap pipes, stud, and cable through the extension, Font & Tap holes.
- Apply silicone sealant to Font rim.
- Press Tap & Font into position.
- Align Tap spout centrally on the Font.
- Refer to front cover image for finished arrangement.
